VONGO MEGA SALVATION CRUSADE REPORT

CRUSADE THEME:	CHANGING YOUR DESTINY
LOCATION:	VONGO TRADING CENTRE, MZIMBA NORTH, MALAWI
DURATION:	THREE DAYS
CRUSADE PERIOD:	FRIDAY 9th – SUNDAY 11th October 2026
REPORTING ORGANISATION:	REVEALED GOSPEL MINISTRY (RGM)
REPORT PREPARED BY:	PASTOR ALICK NYIRENDA – ***Crusade Director***
LEAD EVANGELIST	APOSTLE MAC KAWONGA

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

DETILED ACTIVITY AND IMPACT REPORT

1. EXECUTIVE SUMMARY

Revealed Gospel Ministry (RGM) successfully concluded its three-day Vongo Mega Salvation Crusade at Vongo Trading Centre, Mzimba North District, Malawi.

The outreach was organised to proclaim the gospel of Jesus Christ, win souls, encourage believers, strengthen local churches, equip church leaders, and extend practical support to the surrounding community. In addition to the main open-air evangelistic meetings, the programme incorporated **school evangelism, community outreach, prayer marathons, door-to-door evangelism, leadership training, and sporting activities.**

The ministry team departed from Kaviwale, Mzuzu by 7:00am , to Vongo where preparations were made for the crusade, including the mounting of the stage and the preparation of the meeting venue. The team subsequently carried out evangelistic and community engagement activities throughout the programme.

This report documents the activities undertaken, the spiritual and community impact recorded, the strengths and successes of the outreach, the challenges and shortfalls experienced, and recommendations for future ministry activities.

2. BACKGROUND AND PURPOSE OF THE CRUSADE

The Vongo Mega Salvation Crusade was organised as part of RGM's commitment to evangelism, soul-winning, discipleship, and the strengthening of local churches.

The crusade sought to bring the gospel of Salvation and revival to Vongo and surrounding communities through a combination of public evangelistic meetings, personal evangelism, prayer, youth engagement, and church leadership development.

The programme also recognised the importance of engaging young people and demonstrating Christian love through practical community support. For this reason, the outreach extended beyond the main crusade ground to include Vongo CDSS, residential areas, sporting activities, and local churches.

2.1 MAIN OBJECTIVES

The crusade aimed to:

1. Preach the gospel of Jesus Christ and provide opportunities for people to receive Him as Lord and Saviour.
2. Reach people who might not ordinarily attend church services through open-air meetings and door-to-door evangelism.
3. Encourage prayer and spiritual renewal among believers and the wider community.
4. Equip pastors and church leaders with knowledge and practical approaches to evangelism and discipleship.
5. Engage students with the gospel and encourage positive spiritual and personal development.
6. Demonstrate Christian compassion through donations and community support.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

7. Use football and netball to engage young people and the wider community while creating opportunities for evangelism.

3. PRIO TO THE CRUSADE

Prio to the Crusade the whole mission team embarked on a seven days prayer and fasting programme committing themselves before the Lord. On the last day apostle Kawonga as a team leader consecrated the and fortified them with prayers and declarations.
Massive various fundraising activities were done for resource mobilization, both at a local church – member-based level and online using different available social media platforms.

4. PREPARATION AND ARRIVAL AT VONGO

4.1 **DEPARTURE FROM KAVIWALE, MZUZU**

The ministry team departed from Kaviwale, Mzuzu at 7:00am, and arrived at Vongo Trading Centre at 10:30am for the scheduled crusade activities.

The departure marked the beginning of the field implementation phase of the outreach. The team carried the necessary ministry equipment, supplies, and other resources required for the programme.

The journey represented the practical coordination involved in mobilising a ministry team and transporting the resources required to conduct an outreach away from its home base. 4 vehicles were on the road. A hired 30 seater coaster Bus, a hired pick up lorry, an eight seater Voxy donated by a member (Bishop Stonard Madise) and 5 seater Toyota collora of Apostle Mac Kawonga.

Departure details

- Departure point: ***Kaviwale, Mzuzu***
- Destination: ***Vongo Trading Centre, Mzimba North District***
- Date and time: ***9th October 2026,***
- Number of team members: ***25***
- Vehicles used: ***4***

[PHOTOGRAPH: MINISTRY TEAM DEPARTING FROM KAV IWALE, MZUZU]

Caption: *The RGM ministry team departing from Kaviwale, Mzuzu, for the Vongo–Rumphi Mega Salvation Crusade.*

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

4.2 ARRIVAL AT VONGO TRADING CENTRE

Upon arrival at Vongo Trading Centre, the team was welcomed by members of the community with great joy that God has remembered the community of Vongo. Later The team divided into three groups, kitchen team, stage mounting team and School visitation and proceeded with preparations for the scheduled outreach activities. The team worked so hard towards ensuring that the crusade venue is set and supporting arrangements were ready for the public meetings.

[PHOTOGRAPH: COMMUNITY MEMEBERS WELCOMING RGM TEAM AS THY ARRIVED AT VONGO]

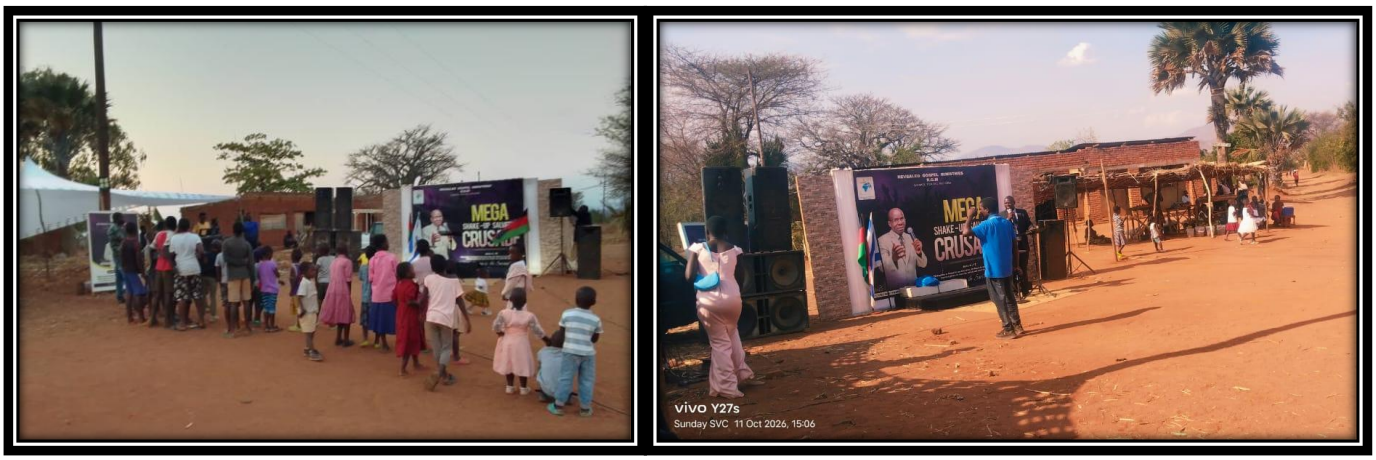

4.3 STAGE MOUNTING AND CRUSADE GROUND PREPARATION

Stage mounting and preparation of the crusade ground were important components of the logistical arrangements.

The stage provided the main platform for Jesus film, preaching, worship, prayer, and other programme activities. Preparing the venue helped establish the space required for public gatherings and the delivery of the crusade programme.

The preparation phase also formed part of the wider coordination required to host the outreach and accommodate the participating ministry team and community members.

[PHOTOGRAPH: COMPLETED CRUSADE STAGE AND VENUE]

Caption: *Preparation of the crusade stage and meeting ground ahead of the public evangelistic meetings.*

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

5. SUMMARY OF MAJOR ACTIVITIES

The following activities formed the main components of the three-day outreach.

#	Activity	Main Purpose
1	Departure from Kaviwale, Mzuzu	Mobilisation and transportation
2	Arrival at Vongo Trading Centre	Field mobilisation and coordination
3	Stage mounting	Preparation of the crusade venue
4	Student outreach at Vongo CDSS	Evangelism, student engagement and charity works
5	Food donations and student refreshments	Practical support and Christian compassion
6	Jesus film cinema screening	- Evangelism and attracting the community to the crusade ground - Community mobilization and sharing the message of Jesus Christ through film
7	Friday & Saturday evening open-air services	Public evangelism and soul-winning
8	Saturday/Sunday morning devotion and prayer marathon	Prayer and spiritual preparation
9	Saturday door-to-door evangelism	Personal evangelism and community outreach
10	Pastors' and church leadership training	Leadership development and evangelism
11	Football and netball bonanza	Community engagement and evangelism
12	Sunday church visits	Fellowship and strengthening local churches

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

6. DETAILED ACCOUNT OF ACTIVITIES

6.1 STUDENT OUTREACH AT VONGO COMMUNITY DAY SECONDARY SCHOOL

One of the important activities of the crusade was the engagement with students at Vongo Community Day Secondary School. The outreach provided an opportunity for the ministry team to interact directly with students in their learning environment and communicate the message of Jesus Christ.

The engagement was intended to reach young people with the gospel and encourage them to consider a personal relationship with Christ. The school setting also provided an opportunity to speak to students about making positive life choices and developing a strong moral and spiritual foundation.

Particular attention was given to the spiritual response of the students, including those who made decisions to receive Jesus Christ during the outreach. Another session on sexual purity followed that encouraged the students to refrain from any kind of sexual immoralities and sins while at school. The sessions also provided the students with insightful teaching on academic excellency and career guidance.

Outcomes and statistics

- Estimated number of students /teachers reached: **160**
- Number of students /teachers who responded to the gospel: **153**
- Number of students/teachers who will need follow-up **153**

NOTE: ***All of the students who received Christ were referred to the patron of Student Christian Organization of Malawi (SCOM) which already exist at this school for discipleship and follow-up. The reports and statistics of the new converts have been shared with the Rumphi SCOMAF office for a better coordination on follow – ups.***

[PHOTOGRAPH 1: RGM TEAM ARRIVAL AND ADDRESSING STUDENTS AT VONGO CDSS]

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

Caption: *The RGM team engages students at Vongo CDSS as part of the ministry's evangelistic and community outreach programme.*

6.2 FOOD ITEMS DONATIONS TO THE SCHOOL AND PROVISION OF REFRESHMENTS TO STUDENTS

As part of the community support component of the crusade, the ministry team donated food items to Vongo CDSS and provided refreshments and snacks to students during the school engagement. The donations demonstrated the ministry's commitment to combining the proclamation of the gospel with practical expressions of Christian care.

The food items donated were intended to support the school boarders, while the refreshments and snacks provided a refreshing moment to students during the hot sunny day as they participated in the outreach.

This aspect of the programme also reflected RGM's commitment to community service through its charity work.

Donation record

Item	Quantity	Estimated Value (MK)
Maize	1 bag	50,000
Soya pieces	1 bag	35,500
Cabbage	1 bag	10,000
Bread rolls	15 units	75,000
Teachers Drinks & snacks	10 + (20 snacks)	23,000
Juice	10L	20,000
Disposable cups	15 units	60,000
	TOTAL	**273,000**

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

[PHOTOGRAPH: STUDENTS RECEIVING FOOD ITEMS DONATIONS & REFRESHMENTS FROM RGM TEAM]

Caption: *RGM extends practical support to Vongo CDSS through food donations and refreshments for students.*

6.3 JESUS FILM CINEMA SCREENINGS: FRIDAY AND SATURDAY EVENINGS

As part of the evangelistic programme, RGM screened the Jesus Film (**Kuyenda ndi Yesu**) on Friday and Saturday evenings at the crusade ground. This film was new to the community and it attracted a lot of attention. People watched it with keen interests to go through all the four episodes. The **Kuyenda ndi Yesu** film received a high recommendation and positive feedback from the community.

The screenings provided an additional way of communicating the gospel through film and attracted more people from the surrounding community to come to the crusade ground. The film screenings helped draw community members to the venue, creating further opportunities for them to hear the gospel and participate in the crusade activities.

By combining film evangelism with the open-air meetings, the ministry used different approaches to reach people and encourage community participation. The screenings complemented the preaching and other evangelistic activities throughout the crusade.

[PHOTOGRAPH 1: JESUS FILM SCREENING ON FRIDAY EVENING]

Caption: *The Jesus Film screenings attracted additional community members to the crusade ground and provided another opportunity to share the message of Jesus Christ.*

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

[PHOTOGRAPH 2: COMMUNITY MEMBERS WATCHING THE JESUS FILM]

[PHOTOGRAPH 3: SATURDAY EVENING JESUS FILM SCREENING]

7. EVENING OPEN AIR EVANGELISTIC SERVICES

7.1 FRIDAY EVENING OPEN-AIR EVANGELISTIC SERVICE

The Friday evening open-air service preceding the Jesus film marked the beginning of the main public evangelistic meetings. The service provided an opportunity to proclaim the gospel to the people of Vongo and surrounding communities. Through the public gathering, the ministry sought to reach individuals who might not ordinarily attend church services and give them an opportunity to hear the message of salvation.

A central focus of the meeting was soul-winning, with an emphasis on calling people to repentance, faith in Jesus Christ, and a personal commitment to follow Him. The attendance, response to the gospel, and decisions made during the service were documented by our ministry data collection department using the ministry records /forms.

Outcomes and statistics

- Average attendance: **371**
- Number of people who responded to the altar call: **102**
- Number of people who do not go to any church: **15**
- Number requiring follow-up: **102**

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

[PHOTOGRAPH: APOSTLE MAC KAWONGA PREACHING DURING FRIDAY EVENING SERVICE]

[PHOTOGRAPH: ALTAR CALL AND PRAYER FOR RESPONDENTS]

Caption*: The Friday evening open-air meeting brings the gospel to the people of Vongo and surrounding communities.*

7.2 SATURDAY MORNING DEVOTION AND PRAYER MARATHON

The Saturday programme began with a 2 hours early-morning devotion and prayer marathon from 4:00am.

The two-hour session provided dedicated time for prayer, worship, spiritual encouragement, strengthening, and intercession. It formed part of the team's spiritual preparation for the day's evangelistic and community outreach activities.

The prayer session also offered an opportunity to intercede for the people of Vongo, the success of the crusade, the work of evangelism, the local churches, and the spiritual needs of the community.

[PHOTOGRAPH: TEAM GATHERED FOR EARLY-MORNING PRAYER MARATHON]

Caption: *The ministry team gathers from 4:00 a.m. to 6:00 a.m. for devotion and prayer ahead of the day's activities.*

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

7.3 SATURDAY MORNING DOOR-TO-DOOR EVANGELISM

Following the morning prayer session, the team conducted door-to-door evangelism in the community. While others proceeded conducting Pastors and Leaders Training.

This activity enabled the team to reach people in their homes and engage them in personal conversations about the gospel. Unlike the open-air meetings, door-to-door evangelism allowed for more direct interaction, questions, prayer, and individual responses.

The outreach sought to communicate the message of salvation, encourage people to consider following Christ, and identify individuals who might benefit from further spiritual guidance. The activity also provided an opportunity to identify people who could be connected with local churches for follow-up and discipleship.

Notably, our team met three members of the same family who were engaged in hot fight till the arrival of our team members at their house. The team noted that the three that are fight just received Christ last night during the open-air service. Upon knowing that the team started teaching them the word and encouraging them to forgive and reconcile now that they are born again. By the grace of God the three agreed to sort out their issues in the presence of our team members and thy reconciled.

Outcomes and statistics

- Number of evangelism teams: **8**
- Number of households visited: **32**
- Number of people reached: **77**
- Number who responded to the gospel: **13**
- Number requiring follow-up: **13**

[PHOTOGRAPH1: TEAM PRAYING TOGETHER BEFORE GOING OUT FOR DOOR-TO-DOOR EVANGELISM]

[PHOTOGRAPH 2: SOME TEAM MEMBERS SHARING THE GOSPEL WITH VONGO RESIDENTS]

Caption: *RGM team members takes the gospel directly to households in Vongo through personal evangelism.*

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

7.4 SATURDAY PASTORS' AND CHURCH LEADERSHIP TRAINING

The pastors' and church leadership training session was organised to strengthen the capacity of local church leaders and encourage effective ministry within their communities.

The training formed an important part of the crusade because evangelistic work requires continued support from local churches after visiting ministry teams have departed.

The session provided an opportunity to bring church leaders together for instruction, discussion, and mutual encouragement. Its broader purpose was to strengthen local ministry, encourage effective evangelism, and highlight the importance of following up with people who respond to the gospel and the training also presented an opportunity to share some important insights on effective discipleship with the local church leadeship.

This part of the report includes the actual subjects covered during the session and the number of pastors and leaders who attended.

Training details

- Date: **10/10/2026** Time: **9:00am – 12:30pm**
- Venue: **Vongo Assemblies of God Church**
- Number of pastors attending: **1**
- Number of other church leaders attending: **16**
- Main topics covered: **Effective Church Leaderhip, Effective Personal Evangelism & Effective Discipleship**

[PHOTOGRAPH: PASTORS AND CHURCH LEADERS GATHERED FOR TRAINING]

Caption: *Church leaders gather for training and encouragement during the Vongo–Rumphi Mega Salvation Crusade.*

7.5 SATURDAY AFTERNOON FOOTBALL AND NETBALL BONANZA

The Saturday afternoon programme included a football and netball bonanza designed to engage young people and the wider community.

The inclusion of both sports provided an opportunity to involve men and women, encourage participation, and bring community members together in a positive setting.
Beyond the sporting activities, the bonanza served as an outreach platform through which the ministry could engage participants and spectators with the message of the gospel.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

The sporting activities were intended to complement the main evangelistic programme rather than replace its spiritual focus. Opportunities to communicate the message of the Cross and encourage people to follow Christ were therefore an important part of the activity. The first message of Salvation was preached within the first 30 minutes before the kick off of the match. And throughout the match the two pre-recorded evangelistic message were played on loud speakers.

This part of the report provides records of the teams that participated, the number of players and spectators available, and any documented responses to the gospel.

Sports programme

- Football teams: **Kamwe FC Vs Vongo F**
- Netball teams: **Vongo Sisters Vs Lukulu Sisters**
- Estimated number of players: **36**
- Estimated number of spectators: **3,000 +**
- Number of recorded decisions for Christ: **178 +**
- Other notable outcomes: **31 of the prayers received Christ**

[PHOTOGRAPH 1: EVANGELISTIC MESSAGE BEFORE THE GAME - PLAYERS LISTENING TO THE GOSPEL]

Caption: Sports bonanza brought the community together while creating opportunities for gospel outreach.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

[PHOTOGRAPH 3: PLAYERS AND SUPPORTERS ACCEPTING CHRIST AFTER THE PREACHING]

Caption: *Prayers and supporter accepting Christ as they raise hands for special prayer and commitment*

[PHOTOGRAPH 4: TEAMS RECEIVING THEIR AWARDS AT THE END OF THE BONANZA]

7.6 SATURDAY EVENING OPEN-AIR EVANGELISTIC SERVICE

The Saturday evening open-air service continued the public proclamation of the gospel in Vongo. The service begun with a continuation of the third episode of the **Kuyenda ndi Yesus** film which attracted the attention of multitudes of people retreating from the bonanza

Building on the previous evening's meeting and the day's community outreach activities, the service provided another opportunity for people to hear the gospel and respond to the message of salvation.

The meeting remained focused on evangelism and soul-winning, with the aim of encouraging people to place their faith in Jesus Christ.

The Saturday evening service was also an opportunity for people reached through door-to-door evangelism and the sporting activities to attend the main crusade gathering. The attendance was overwhelming.

This part of the report provides attendance, altar-call responses, and the number of individuals requiring follow-up.

Outcomes and statistics

- Average attendance: **622**
- Number of people who responded to the altar call: **73**
- Number of people requiring follow-up: **73**

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

[PHOTOGRAPH 1: SATURDAY EVENING CRUSADE GATHERING – APOSTLE KAWONGA PREACHING]

Caption: *The Saturday evening open-air service continues the proclamation of the gospel during the three-day crusade.*

8. SUNDAY THE FINAL DAY

8.1 SUNDAY MORNING DEVOTION AND PRAYER MARATHON

The final day of the crusade began with another one hour of early-morning devotion and prayer marathon from 5:00am.

The session provided time for prayer, reflection, and intercession ahead of the concluding programme activities.
The team continued to pray for the spiritual needs of Vongo, the people who had responded to the gospel during the outreach, the local churches, and the continuation of evangelistic work beyond the three-day programme.

The session also provided an opportunity to commit the final day's activities to God and seek guidance for the ministry's ongoing engagement with the community.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

8.2 SUNDAY CHURCH VISITS AND FELLOWSHIP

The Sunday programme included visits to local churches, including Malawi Assemblies of God.

These visits provided an opportunity for the visiting ministry team to interact with local congregations, encourage believers, and strengthen relationships with churches in the area.

Church visits were an important part of the wider outreach because the impact of a crusade depends not only on the public meetings but also on the involvement of local churches in supporting new believers and encouraging continued spiritual growth.

The visits also provided an opportunity to appreciate the role of local church leaders and explore ways to sustain cooperation in evangelism and discipleship. The team was also privileged to have been invited by the pastor of Vongo Assemblies of god to come and preached to them during their Sunday worship. This was another great opportunity for us to share the gospel and encourage the church.

While other team members were at the church, some were assigned to interact with those who do not go to church and help them understand the importance of believers to fellowship together. This was also successful because they availed themselves to the meeting and they were helped and encouraged.

[PHOTOGRAPH 1: RGM TEAM AT VONGO ASSEMBLIES OF GOD CHURCH]

Caption: *RGM Pastors visited a local church on Sunday with the mission team to encourage fellowship and strengthen cooperation in evangelism and discipleshipp and the local Pastor and His wife blesses all the five pastors with each a gift (a pack of washing soap). This was a token of love and appreciation.*

[PHOTOGRAPH 2: FELLOWSHIP MOMENTS AT VONGO ASSEMBLIES OF GOD CHURCH]

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

9. SUNDAY AFTERNOON AND DEPARTURE

The crusade winded up with a short service of ASSURANCE OF SALVATION, where new converts were encouraged to remain steadfast in the lord and continue their personal relationship with prayer, studying the scriptures and fellowshipping with other brethren. Pastor took time and joined hands in prayer for Vongo and surrounding communities. After 5:00om the team was ready to leave Vongo Trading centre for another 3 hours drive. Arrived safely in Mzuzu after 8:00 pm, tired and exhausted but giving glory to God for it was worthy doing it.

[PHOTOGRAPH: SUNDAY AFTERNOON - FINAL MOMENTS OF VONGO CRUSADE]

Caption: *A group of pastors and leaders holding hands in unity praying for the land and the community of Vongo at large*

10. OVERALL SPIRITUAL IMPACT AND STATISTICAL SUMMARY

The spiritual impact of the Vongo Mega Salvation Crusade is assessed using the records collected across the different activities. Because the programme involved several forms of outreach, the ministry has consolidated the results from the school engagement, open-air meetings, door-to-door evangelism, sporting activities, and other evangelistic interactions.

Care has been taken to distinguish between attendance, people reached, altar-call responses, and. Where the same individuals may have participated in more than one activity, this final report has avoided counting them repeatedly when presenting a total number of unique people reached or converted.

9.1 STATISTICAL SUMMARY

The Vongo Salvation Crusade recorded 467 souls making decisions to receive Jesus Christ across four major outreach activities.

- 🎓 **Students' Conference:** 147 souls (**out of 155 attendance**)
- 🎤 **Open-Air Evening Services:** 129 + souls (**out of 622 attendance)**
- ⚽ **Sports Bonanza Altar Call**: 178 + souls (**out of 3,000 + attendance**)
- 👥 **Door to door Evangelism:** 13 souls (**out of 77 reached**)
- 👥 Number of leaders trained: 17

TOTAL SOULS: 467 souls

👥 **OVERALL REACH:**

An average attendance of **2,754** people throughout the crusade activities.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

10. KEY STRENGTHS AND SUCCESSES

The Vongo Mega Salvation Crusade demonstrated the value of combining open-air evangelism with school outreach, personal evangelism, prayer, leadership training, sports, film evangelism and church engagement. These complementary activities created multiple opportunities to share the Gospel and engage people from Vongo and surrounding communities.

10.1 Strong Community Response

The crusade attracted encouraging attendance, particularly during the evening meetings. Some participants travelled on foot for more than two hours from neighbouring communities to attend. The response demonstrated the importance of taking the Gospel to rural communities where access to similar programmes may be limited.

10.2 Positive Evangelistic Outcomes

The crusade provided opportunities for people to hear the Gospel and respond to the message of salvation. The adult altar calls recorded encouraging responses, while the Jesus Film (Kuyenda ndi Yesu) screenings on Friday and Saturday evenings attracted additional community members to the crusade ground.

10.3 Successful School Outreach

The outreach at Vongo Community Day Secondary School was a major highlight. Approximately 153 students and teachers reportedly made decisions to receive Christ. The programme demonstrated the potential of school-based evangelism and the importance of engaging young people through appropriate, well-coordinated activities.

10.4 Effective Community Engagement Through Sports

The football and netball bonanza brought together participants and spectators from the community. By incorporating Gospel preaching into the sporting activities, RGM created an additional opportunity to reach people who might not ordinarily attend an open-air crusade.

10.5 Prayer, Worship and Biblical Teaching

Prayer sessions, energetic praise and worship, preaching, and biblical teaching contributed to the spiritual focus of the programme. The Sunday service at Vongo Assemblies of God Church provided an opportunity for further teaching and prayer ministry through the School of the Bible and other ministry sessions.

10.6 Teamwork and Operational Coordination

The organising committee and missionary team worked together to implement the programme despite transport, fuel and electricity challenges. Advance preparations, community mobilisation and the coordination of different activities helped the three-day outreach proceed to completion.

10.7 Mission Team Welfare

Food arrangements for the missionary team were generally well managed. No reports of diarrhoea, abdominal pain or other illnesses were recorded during the outreach for the first time. This was an encouraging outcome and highlighted the value of proper food and water handling and attention to team welfare during mission activities.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

11. KEY CHALLENGES EXPERIENCED

Although the crusade was completed successfully, several operational, financial and ministry challenges affected implementation. We documented these challenges to help RGM improve future programmes, use resources more efficiently and communicate its support needs clearly to partners and well wishers.

11.1 Poor Rural Roads and Inadequate Transport

Poor road conditions made travel to and within the rural communities difficult. Transport problems were compounded by a tyre burst involving the coaster bus and mechanical problems with a pickup carrying equipment and even Apostle Kawonga's vehicle experience some challenges due to bad roads. These incidents delayed the arrival of stage materials and sound equipment by more than two hours, affecting the school outreach, where approximately 160 students had to be addressed without a PA system - no microphone.

The experience demonstrated the need for dependable vehicles suitable for rural roads and reliable transport arrangements for the missionary team and equipment.

11.2 Fuel Shortages and Increased Operating Costs

A nationwide fuel shortage created additional transport difficulties. Some fuel had to be purchased through informal sources (black markets) at prices reportedly more than three times the official pump price. This placed unexpected pressure on the crusade budget and demonstrated the need for realistic contingency provisions.

11.3 Programme Scheduling and Team Welfare

The students' conference ran longer than planned, leaving some mission team members waiting until approximately late 16:00 hours without meals ***(no Breakfast no lunch).*** Future programmes require clearer time management, coordination between the team and the school and planned meal arrangements.

11.4 Limited Participation by Local Church Leaders

Participation from other local pastors and church leaders was lower than expected. Except for the pastor from Vongo Assemblies of God Church. The active involvement of the pastor's family, church elders and board members demonstrated the positive contribution that local churches can make. Broader participation will be important for effective follow-up, discipleship and continued evangelism.

11.5 Extreme Heat and Insufficient Drinking Water

The hot weather increased demand for drinking water, and the 500 water sachets brought for the crusade were exhausted before all activities had concluded. Future programmes should estimate water requirements according to the expected attendance, weather conditions and duration of activities. We appreciate those that directly donated towards pure water for the missionary team.

11.6 Electricity Interruptions

Power interruptions disrupted two crusade activities and required the use of a backup generator. Given the additional fuel costs and transport challenges, future programmes need more reliable backup power arrangements and adequate fuel planning.

11.7 High Demand for Bibles

Community engagement and Sunday church visists revealed a significant need for **Bibles donations** among new converts and other people interested in growing in their Christian faith. Some team members donated their used Bibles already, but the need remains. Without access to Scripture and continued teaching, new believers may struggle to establish consistent habits of personal Bible study.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

11.8 Financial Constraints Affecting Mission Team Participation

Several ministers and potential team members from other parts of Malawi expressed interest in participating but were unable to travel because of financial constraints and an inadequate budget for transport and related expenses. This limited the number of people who could contribute their ministry experience and support to the outreach.

11.9 Gaps in Statistics and New-Convert Registration

Recording attendance and evangelistic outcomes proved difficult during some activities, particularly the sports bonanza. Records did not always distinguish between general attendance, people reached, first-time decisions for Christ and individuals already registered as believers.

These gaps do not diminish the importance of the outreach, but they highlight the need for better monitoring, verification and documentation to strengthen accountability and accurately report results.

12. RECOMMENDATIONS AND FUTURE PRIORITIES

The Vongo experience has helped RGM identify practical priorities for strengthening rural evangelism and ensuring that the impact of future crusades continues after the visiting team leaves. The following recommendations provide a framework for working with churches, donors, Christian organisations and other partners.

12.1 Secure Reliable Missionary Transport and Evangelistic Equipment

RGM urgently needs dependable transport and essential equipment to support its growing rural evangelism programme. Many rural roads in Malawi remain in poor condition, making vehicles suited to these environments essential for transporting people and equipment safely and reliably.

RGM therefore appeals to churches, Christian organisations, mission agencies, corporate partners and individual donors to consider supporting the following needs:

a) **A Coaster bus:** To transport the missionary team to rural communities and reduce dependence on hired vehicles which are becoming extremely higher, taking almost 30%of the crusade budgets.
b) **A 2-tonne pickup truck**: To transport sound equipment, stage materials, water, food and other supplies to crusade locations with difficult road access.
c) **A heavy-duty public address system:**
   To support large outdoor meetings, school outreach and other evangelistic activities, with sufficient sound coverage for the intended audience.
d) **Reliable backup power** equipment: To reduce disruption caused by electricity outages and help control emergency generator and fuel costs.

NOTE: ***These resources would strengthen RGM's operational capacity, reduce transport-related delays and support repeated outreach activities in underserved communities. RGM should develop a costed equipment plan and seek both financial contributions and donations of suitable, serviceable equipment.***

12.2 Establish a Structured New-Convert Follow-Up Programme

RGM should work with local churches to ensure that people who respond to the Gospel receive continued spiritual support. With their consent, new converts should be connected with a local church or designated discipleship worker.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

Follow-up activities has been planned in the 6 weeks' time with a tentative budget of **MK500,000** for a team of five members to go back to Vongo and conducting a follow -up session.

12.3 Mobilise Bibles for New Converts

RGM should establish a Bible mobilisation initiative in partnership with Pastors, churches, Christian publishers, donors and individual supporters.

Bibles should be distributed through participating churches using documented records of recipients. Where possible, distribution should be accompanied by basic guidance on Bible reading, prayer and participation in fellowship.

Partnership opportunity: Donors can support this initiative through financial contributions, bulk Bible donations or assistance with transportation and distribution.

12.4 Expand School Outreach and Youth Engagement

Building on the response at Vongo CDSS, RGM should explore further school outreach opportunities in consultation with school authorities.

12.5 Strengthen Planning, Budgeting and Contingency Provisions

Future crusades should have a detailed implementation plan, budget, transport arrangements, activity timetable and equipment checklist prepared well in advance. RGM should consider for a resource mobilisation team to strengthen resource mobilization strategies and raise more resources before the crusade

Contingency provisions should be included where funding permits. Early planning will help RGM identify funding gaps before an event begins and communicate its needs to prospective partners in a clear, costed format.

12.6 Establish Long-Term Ministry Partnerships

RGM should pursueestablishing long term partnerships with churches, mission organisations, Christian foundations, individual donors and other suitable partners interested in evangelism and discipleship in Malawi.

Partnership proposals should clearly explain the ministry's objectives, identified needs, planned activities, budget, expected outcomes and reporting arrangements. Partners should receive timely updates and periodic reports showing what their support has made possible and what needs remain.

13. CONCLUSION AND PARTNERSHIP APPEAL

The Vongo Mega Salvation Crusade provided RGM with an important opportunity to share the Gospel, engage students and community members, work alongside local churches and identify needs requiring continued attention.

The community response was encouraging, and the combination of open-air meetings, school outreach, prayer, sports, film evangelism and biblical teaching demonstrated the value of using different approaches to reach people. At the same time, the experience highlighted practical challenges involving transport, fuel, equipment, water, finances, statistical reporting and the follow-up of new believers.

Our aim is not simply to conduct more crusades, but to support continued evangelism, soul winning and help new believers grow in their faith and strengthen local churches to continue the work long after each outreach concludes.

RGM recognises that the long-term value of an outreach depends not only on what happens during the crusade, but also on the support and relationships established afterwards. The ministry therefore intends to strengthen follow-up, deepen cooperation with local churches and plan future programmes more effectively.

We invite churches, Christian organisations, mission partners, foundations and individual supporters to partner with RGM in strengthening evangelism and discipleship in rural Malawi. Support may take the form of **prayer, financial contributions, Bible donations, missionary transport, evangelistic equipment**, leadership training or assistance with follow-up activities.
